Dear Doctor:

Just a line in haste to tell you I wish we could think up some way I could let you have Matthews. I think we are going to have a good team this year, and I would like to see you have a good one. Wells and Dandridge have both promised to stay and play with The Eagles. In addition to them we had several of our best men put in 4F and a couple in 3A because of their families.

I would like to help you, because for one thing you said you feel you owe us a day in Chicago, and I thought it might be possible on the same trip to get a day in Detroit.

I am going to have a really big payroll and will have to keep busy. I will also have to have some good dates. If you come east to our meeting I will see you then. If not please let me hear from you.

Would you advise me to contact Saperstein to take care of any time I have in the west, or deal with the club I play on Sunday. I will greatly appreciate any advice you can give, and will promise to hold it strictly confidential. I wish when you come east you could stay a day or so, there are so many things I would like to talk about.

Sincerely Yours
